Zoning

This map simplifies city zoning into three categories:

- Residential (Green)
- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

1000
800
600
400
200

3	29779
4	22086
5	17639
6	18723
7	43464

Driving Connectivity

This map *fails* because some districts (4, 5) have disconnected road networks. This means some folks would have to drive through another district to get to another place in their district. District 4 Driving connectivity map showing 2 partitions for district 4

District 5 Driving connectivity map showing 2 partitions for district 5

City Clerk Neighborhoods

This districting splits 19 out of 91 areas. A person was split from an area 31044 times.

Zoning

This map simplifies city zoning into three categories:

- Residential (Green)

- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

1000
800

5	18560
6	18484
7	34000

Driving Connectivity

This map *fails* because some districts (4) have disconnected road networks. This means some folks would have to drive through another district to get to another place in their district. District 4 Driving connectivity map showing 2 partitions for district 4

City Clerk Neighborhoods

This districting splits 20 out of 91 areas. A person was split from an area 32577 times.

Zoning

This map simplifies city zoning into three categories:

- Residential (Green)
- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

Driving Connectivity

This map *passes* because all districts are connected. Meaning you can drive to anywhere in each district without leaving it.

City Clerk Neighborhoods

This districting splits 18 out of 91 areas. A person was split from an area 26551 times.

Zoning

This map simplifies city zoning into three categories:

- Residential (Green)
- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

Zoning

This map simplifies city zoning into three categories:

- Residential (Green)
- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

Driving Connectivity

This map *passes* because all districts are connected. Meaning you can drive to anywhere in each district without leaving it.

City Clerk Neighborhoods

This districting splits 18 out of 91 areas. A person was split from an area 26080 times.

Zoning

This map simplifies city zoning into three categories:

- Residential (Green)
- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

Driving Connectivity

This map *passes* because all districts are connected. Meaning you can drive to anywhere in each district without leaving it.

City Clerk Neighborhoods

This districting splits 17 out of 91 areas. A person was split from an area 31180 times.

Zoning

This map simplifies city zoning into three categories:

- Residential (Green)
- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

Zoning

This map simplifies city zoning into three categories:

- Residential (Green)
- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

1000
800
600

Driving Connectivity

This map *passes* because all districts are connected. Meaning you can drive to anywhere in each district without leaving it.

City Clerk Neighborhoods

This districting splits 15 out of 91 areas. A person was split from an area 29781 times.

Zoning

This map simplifies city zoning into three categories:

- Residential (Green)
- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

Driving Connectivity

This map *fails* because some districts (1, 5) have disconnected road networks. This means some folks would have to drive through another district to get to another place in their district. District 1 Driving connectivity map showing 2 partitions for district 1

District 5 Driving connectivity map showing 2 partitions for district 5

City Clerk Neighborhoods

This districting splits 25 out of 91 areas. A person was split from an area 93856 times.

Zoning

This map simplifies city zoning into three categories:

- Residential (Green)
- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

Driving Connectivity

This map *passes* because all districts are connected. Meaning you can drive to anywhere in each district without leaving it.

City Clerk Neighborhoods

This districting splits 18 out of 91 areas. A person was split from an area 34223 times.

Zoning

This map simplifies city zoning into three categories:

- Residential (Green)
- Commercial (Blue) and Residential is also allowed
- Industrial (Yellow)

Denser areas are darker than lighter ones. There are three gradations of density.

Rental Units

Count of rental housing units (not renters themselves) per district. Sourced from Rental Property Registration on September 29th, 2022.

1000
800
600

4	22549
5	18560
6	18484
7	33549

Driving Connectivity

This map *fails* because some districts (4) have disconnected road networks. This means some folks would have to drive through another district to get to another place in their district. District 4 Driving connectivity map showing 2 partitions for district 4

City Clerk Neighborhoods

This districting splits 19 out of 91 areas. A person was split from an area 28963 times.
